01. ABOUT JOB

Job is a Dutch racing driver who, for the past three years, has competed in international single seater championships. Without any experience in karting, Job started racing cars at the tender age of 14 and took his career to an International level. In 2018 Job has won the prestigious the LMP3 championship in the ELMS series.

Away from the racetrack, Job combines studying at the Technical University Eindhoven with his sporting career, making him a very busy boy.
